“Prescription Pads”

These pads of 50 slips contain all the information needed for a professional referrer to assist a potential client to follow up and schedule a visit. Simply tear off a sheet from the pad, indicate which therapist may be most helpful and encourage the person to follow up with a phone call. The sheet is small, discrete and easy to tuck into a pocket or purse.

Request a complimentary pad:

- Call the Center at 574-277-0274
